Policy on Research

Introduction

Higher education of the student is incomplete without understanding the concept of research. For any country to be developed, its research base should be strong and indigenous. It is necessary to nurture the research culture from the college education. Therefore every institute must put instinct in the minds of young teachers and students to undertake the research activity.

Policy

As suggested by IQAC to enhance the research activity in the institution our Policy on Research in the institution is as follows.

- Encouraging the teachers to undertake research activity viz. small research projects
- Encouraging the students to undertake research projects under the guidance of teachers and participate in Avishkar Research Mahotsav organized by the University.
- To depute teachers to participate in conferences, seminars, workshops and symposia organized at other institutions.
- To encourage teachers to present research papers in such events.
- Seminar/Workshop will be organized on Research Methodology and research papers writing
- Teachers will be encouraged to register for Ph.D.
- Budgetary provision will be made for seed money for research. Deserving teacher/student will be given seed money for the pursuing the research project.
- MoU will be signed with renowned institute for research collaboration.
